

## KOREAN FIRST BAPTIST CHURCH

### Milpitas Residents Support the Church's New Home in Our City

The Korean First Baptist Church is a well-established and respected 23 year-old religious institution with the largest Korean congregation in the Bay Area. The Church is seeking to relocate to the development at 995, 1201 and 1205 Montague Expressway near U.S. 680 in the City of Milpitas to better serve its congregation and the local community. A church is a permitted use at this location, but the City requires a conditional use permit to ensure the church will properly integrate with the surrounding area including nearby industrial/warehouse uses in the Fleming Business Park. A more detailed project description is provided on the reverse side of this petition.

*Religious institutions are an important part of any community, and the Korean First Baptist Church will be a welcome addition to the City of Milpitas. I support the Church's relocation to the site and believe it is an appropriate use for the existing development. I encourage the City to approve the Conditional Use Permit requested by the Church. I am a Milpitas resident. The Church can use my name as a supporter for its new home in our city:*

### Milpitas Residents Support the Church's New Home in Our City

The Korean First Baptist Church is a well-established and respected 23 year-old religious institution with the largest Korean congregation in the Bay Area. The Church is seeking to relocate to the development at 995, 1201 and 1205 Montague Expressway near U.S. 680 in the City of Milpitas to better serve its congregation and the local community. A church is a permitted use at this location, but the City requires a conditional use permit to ensure the church will properly integrate with the surrounding area including nearby industrial/warehouse uses in the Fleming Business Park. A more detailed project description is provided on the reverse side of this petition.

*Religious institutions are an important part of any community, and the Korean First Baptist Church will be a welcome addition to the City of Milpitas. I support the Church's relocation to the site and believe it is an appropriate use for the existing development. I encourage the City to approve the Conditional Use Permit requested by the Church. I am a Milpitas resident. The Church can use my name as a supporter for its new home in our city:*

### Milpitas Residents Support the Church's New Home in Our City

The Korean First Baptist Church is a well-established and respected 23 year-old religious institution with the largest Korean congregation in the Bay Area. The Church is seeking to relocate to the development at 995, 1201 and 1205 Montague Expressway near U.S. 680 in the City of Milpitas to better serve its congregation and the local community. A church is a permitted use at this location, but the City requires a conditional use permit to ensure the church will properly integrate with the surrounding area including nearby industrial/warehouse uses in the Fleming Business Park. A more detailed project description is provided on the reverse side of this petition.

*Religious institutions are an important part of any community, and the Korean First Baptist Church will be a welcome addition to the City of Milpitas. I support the Church's relocation to the site and believe it is an appropriate use for the existing development. I encourage the City to approve the Conditional Use Permit requested by the Church. I am a Milpitas resident. The Church can use my name as a supporter for its new home in our city:*

## KOREAN FIRST BAPTIST CHURCH

### Milpitas Residents Support the Church's New Home in Our City

The Korean First Baptist Church is a well-established and respected 23 year-old religious institution with the largest Korean congregation in the Bay Area. The Church is seeking to relocate to the development at 995, 1201 and 1205 Montague Expressway near U.S. 680 in the City of Milpitas to better serve its congregation and the local community. A church is a permitted use at this location, but the City requires a conditional use permit to ensure the church will properly integrate with the surrounding area including nearby industrial/warehouse uses in the Fleming Business Park. A more detailed project description is provided on the reverse side of this petition.

*Religious institutions are an important part of any community, and the Korean First Baptist Church will be a welcome addition to the City of Milpitas. I support the Church's relocation to the site and believe it is an appropriate use for the existing development. I encourage the City to approve the Conditional Use Permit requested by the Church. I am a Milpitas resident. The Church can use my name as a supporter for its new home in our city:*

## **KOREAN FIRST BAPTIST CHURCH**

### **Project Description**

The Korean First Baptist Church is applying for a Conditional Use Permit to allow the use of three existing research and development buildings totaling approximately 167,900 square feet on approximately 9.8 acres as a church which is a permitted conditional use under Article 31.03-4.1 of the City of Milpitas zoning ordinance.

The facility will accommodate the parishioners for church services in two sanctuaries, one for between 1000-1500 adults and the other for up to 350 children. Various ancillary programs and functions, including study classes, will be provided for parishioners in the buildings before and after church services. They are not available to the general public and no commercial services will be provided on site. The project also includes limited outdoor activity and seating areas.

The Church application on file with the City provides a detailed schedule of activities, program summaries for each building, and description of programs and functions including an operational schedule. Parishioner's use of the church facility and participation in programs and functions will occur on Saturday and Sunday between 9:00 and 6:00 p.m. and one weeknight between 7:30 – 9:30 p.m. Approximately 20 adults will utilize the site for church administration purposes Tuesday through Saturday between 9:00 a.m. and 6:00 p.m. There will be no activity at the facility on Mondays.
